

**Amendments to the Specification**

Please amend the first paragraph of the summary of the invention as follows. This amendment will allow the summary to mirror the allowed claims.

**Page 3, lines 8-10:**

~~A method, system, and article of manufacture are provided for designing, implementing, and maintaining a development architecture framework .—The present invention~~ manages information that supports a project being carried out by a development architecture framework. Such project may take any form such as the generation of a computer program
